

SAFEGUARDING

Project aim

Introduce Joint Level 3 safeguarding adult and children training to improve staff knowledge/ Skill in the “THINK FAMILY” approach to Safeguarding

Timeline for delivery

From: September 2018 To: September 2019

Measures

- **Performance** -this will be measured by the compliance in the training figures
- **Patients** – to ensure patient safety in raising appropriate safeguarding referral for both adult and child

Tests for change

- **Performance** -this will be measured by the compliance in the training figures
- **Patients** – to ensure patient safety in raising appropriate safeguarding referral for both adult and child
- **People** – staff are fully aware of processes to follow ensure they are skilled to do this
- **Pounds** –prevent litigation on cases to ensure process is followed

Project team

Sarah Cowley
Nicole Anderson
Christine Curtis
Eleanor Nicholson
Christine Neale
Catherine Jordan

Results

- Staff will be sent a post course survey of their knowledge and skill in relation to safeguarding after attendance of the course by the training dept.
- Quality of safeguarding referrals ensuring the patients needs are identified

Learning and next steps

- Review feedback on training as a team
- Evaluate the training programme to ensure content is meeting the needs of attendees.
