Measures

Aim

In order to achieve the aim...

To improve care experience, lower environmental and financial costs, we will review medicines of South Somerset patients in the community, by (date).

Strategy

...we must ensure...

Patient education on current medication needs

Primary care network pharmacy involvement

Community team working

Tactic

...which requires...

Person centred care

Shared decision making

Engagement with community pharmacy colleagues

Engagement with GP surgery colleagues

Change Ideas

...ideas to make this happen

Regime simplification

Patient medication reviews of blister packs

Follow up/home visits

Teaching for community staff doing routine patient visits
